INTEGRATED MANAGEMENT SYSTEM POLICY

Quality Assurance/ Management

Ensure the implementation and maintenance of the quality management system according to ISO 9001, bearing in mind the principle of customer focus.

New Projects

Respond efficiently to customer requests, by suggesting effective solutions which meet their needs and requirements, as well as the applicable legislation and regulation.

Environmental Management

Ensure the compliance of legal requirements, ISO 14001, and other compliance obligations. Along with protecting the environment, by controlling resources, in particular energy, water and raw materials.

Compliance

Promote the concept, "Doing it right the first time", thus minimising the occurrence of defects throughout the process.

Chain of Custody FSC®/PEFC

Promote good management practices which enable the protection of the forest.

Deadline Compliance

Increase the commitment and rigor in meeting the deadlines agreed upon with customers.

Internal Organisation

Increase efficiency by reducing unit costs of waste, breakdowns and dead times.

Improvement

Promote continuous development, by assessing the performance of the Integrated Management System, establishing and reviewing the defined objectives/goals.

"We are relentless in pushing ourselves to the limits so we focus this energetic attitude on finding solutions. Solutions which engage, inspire and make you think. Provoking curiosity."
